

## IMPAC3T IP Knowledge Transfer Tool-box

### Certified IMPAC<sup>3</sup>T IP Academy™ training: 12<sup>th</sup> March Belgrade

The HORIZON EUROPE CSA: **IMPAC<sup>3</sup>T IP** has spent 2 years developing a 'tool-box' designed to help KTOs/TTOs, researchers and innovative companies to get stronger 'impact' from their R&D activities.

See: <https://www.impact3tip.eu/>

The tool-box has a strong focus on valorising non-classical forms of IP e.g., those that cannot be transferred by patent licensing. It also places a emphasis on impact for both economy and society e.g., by supporting valorisation of outputs from the humanities and social sciences ('SHAPE') and galleries, libraries, archives, and museums (GLAM).

It also supports:

- **Socially Responsible Licensing** e.g., for healthcare innovations
- **The Co-Creation process** e.g., involving diverse stakeholders coming together to address complex issues;
- **new AI enabled digital tools** for spinout companies / scaleups looking to leverage assets to raise investment and KTO professionals auditing for assets and searching for possible licensees.

The project has just launched its certified **IMPAC3T IP Training Academy™** to support adoption of the tools.

See <https://www.impact3tip.eu/academy/>

Training is designed to conform to the ECTS credit transfer scheme and to contribute to the professional qualification of Registered Knowledge Transfer Professional (RTTP).

*Workshops are free and there is financial support to enable people to travel and stay overnight and to encourage regional/ European level KT networking. However, the number of places at physical workshops is limited. Early application for places is encouraged.*

On **12<sup>th</sup> March 2026** we will be holding a workshop at the premises of the **Intellectual Property Office in Belgrade** Serbia (Zavod za intelektualnu svojinu).
